Jocelyn,

In looking at the directive in 2018-136-T I noticed that the Commission granted the revised tariff. I would note that Charlie's request and my letter were just about waiving the notice requirement. Typically when an applicant requests to amend it's tariff we complete an audit and file an impact study, but the latter has not been done in this case. Is the procedure changing going forward? For this particular scenario, we have completed the audit on Gamecock Moving and we are fine with the changes to the tariff. However, we would like to make sure that in future cases we will have the opportunity to conduct an audit to make sure the applicants are in compliance with all rules and regs before the tariff is approved.

Please let me know if y'all have any questions. Thank you!  
 Jenny
